PLACER MINE BILL UP TO GOVERNOR

Assembly Passes Bill Without Discussion

SACRAMENTO, April 12—Providing for the organization, financing and government of placer mining district, State Senator Jerrold Seawell's bill, No. 480, is today ready for the Governor's signature. The bill passed the Assembly Wednesday without discussion and, as in the senate, was practically unanimous.

The bill is entitled: "The Placer Mining District act," and provides for the formation of districts to conduct placer mining without injury to property not owned by, or included in the district. Twenty five per cent of owners of placer ground in the proposed district may petition the supervisors of the county for permission to form a district.

Owners of placer ground, following the formation of the district, would elect a board of directors, and the directors would hold office for four years. Only land owners would be qualified to vote ,and no land owner would have more than five votes, each vote being based on $5,000 of assessed valuation of property.

The financial needs of the district would be cared for by assessment or special levies on the land involved or by voting bonds but the board could not spend more than ten percent of the assessed valuation of the district, except through bond issue, in any one year. Any special assessment must be through election with two thirds approving. The district would be given wide powers to acquire lands and to acquire and use water rights.

The purpose of the act would be to permit groups of land owners to what now may be done by individual owners of placer ground.

HI BAND TODAY LEAVES FOR S. F

The Nevada City high school band will leave this afternoon for San Francisco, where tomorrow morning in the Civic Auditorium, they will play in the concert contests arranged for high school bands throughout the state.

They will spend the night in the Whitcomb hotel, special complimentary rates having been made for them by that hostelry, and will have time probably for at least one rehearsal before appearing on the stage of the Auditorium tomorrow morning.

Those who have volunteered to take the band to San Francisco in their automobiles are: Mrs. Clayton Bennett, Mrs. Otto Schiffner, Mr. H. H. Buckner, Mr. William Jeffrey Jr., Mr. Bev Barron in Myers Mobley's car, Miss Edith Tremaine and Mr. L. E. Sweeney, director of the band.

Those who have contributed to the fund to defray expenses of the trip consist of the Nevada City Chamber of Commerce, $40; Woman's Civic club, $10; Mr. Marshall Geiselman, $5; Elks, $11.50; and anonymous donors $7. The band earned $16.50 at its concert in the Nevada City theatre last week.

The program which the Nevada City band will play in the San Francisco auditorium tomorrow consists of the following selections: "Sembre et Meuse" (march); "One Beautiful Day" by Hildreth; and "King Mydas (overture) by Eilenberg.

The members of the band participating in this contest consist of the following musicians:

Cornets—Cecil Schiffner, Wallace Moore, Fred Browning, Roman Rozynski, Dick Marriott, Ray Wilde.

Clarinets— Ellis Clarke, Ruth Rector, Katherine Celio, Bob Tamblyn, Bob Schiffner, Audrey Davis, Claris Holland, Gertrude Sawyer, Mary Warnecke.

Trombones—Carl Murchie, Dick Bennett, Arthur Elliott.

Baritone—Bill Jeffrey.

Saxophones — Chester Peterson, Nielen Hansen, Paul Hansen.

Altos—Gove Celio, Bill Charronet.

Basses—Ralph Watters, Ray Garvey.

Drums—Ben Sweeney, Carl Steger.

Oboes—Helen Arbogast, Gertrude Schreiber.

Flute—Alfred Netz.

TICKETS TO SKI DANCE BENEFIT FUND FAST SALE

Tickets to the benefit dance to be given next Saturday evening in the Veterans Memorial Hall at Grass Valley have been selling rapidly wherever offered. The dance which is given to obtain funds for the activities of the association in making this region a winter sports and recreation center, is vigorously backed by the Nevada City and Grass Valley chambers of commerce.

Deputy Sheriff Bill Rickard holds the short time, or sprint record, for ticket selling. On Monday he delivered 30 tickets for the Ski dance, making collections as he progressed, during the noon hour. Others, however, are beginning to show speed, and it is believed this record will be challenged before the week is over.

There are $250 worth of prizes to be given out during the dance. Nevada City and Grass Valley contributors of the merchandise which constitutes the long prize list consists of the Nevada City Nugget, S. Lee Leiter company, Alpha Stores Inc., N. A. Ramsey, James Penrose Grocery, Dickerman's Drug Store, Maurice Photographer, Foote Electrical company, J. C. Penney company, Golden Rule Store, and Kilpatric grocerteria.

Attorney Vernon Stoll, in charge of th eold-world beer gardens plans, has selected a design which catches the very atmosphere and spirit of the beer garden.

The Sierra-Naders will provide the music for the dancers which will begin at 9 o'clock in the evening. By means of this dance it is hoped to raise $500 toward the improvement of the club house, the toboggan and ski course, on the highway nine miles east of Nevada City.

CAST SELECTED FOR ANNUAL SENIOR FARCE

The Senior Farce will be presented Thursday evening, May 25, at 8:15 o'clock, in the Nevada City Theater, according to the announcement made yesterday by the committee in charge. The comedy is entitled: "Believe It or Not." The cast, is being coached by Principle H. E. Kjorlie, which consists of the following:

DRAMATIS PERSONAE

Lena	Neilan Hanson
Mrs. Pottle	Ruth Parker
Jane Pottle	Dorothy Worthy
Gladys Pottle	Neta Botting
Nancy Hamilton	Ruth Rector
Harriet Follis	Katherine Celio
The Plumber	John Hoffman
Process Server	John Sbaffi
Cuthbert Jackson	W. Chapman
Norman Follis	Chas. Barker
Uncle Silas	Bob Tucker
Bridget O'Hare	Carolyn Towle
Inspectress	Louise Schrieber
Detective	Delbert Schiffner

Mayor and Mrs. R. J. Bennetts will leave Monday for Ontario, Canada, where they will attend the commencement exercises of McGill University. Their son Carl receives his medical degree from that university. Their trip east will be by the southern route by way of New Orleans. They will stop in Washington, D. C., where Mr. Bennetts will confer with Congressman Englebright. They will return by way of the Canadian Rockies, stopping at Banff and Lake Louise.

Plan To Switch Pool Fund Debated

VOTE FOR POOL URGES TAXPAYER

Nevada City, May 11, 1933
Editor, Nevada City Nugget,
Dear Sir:

Twice the people have shown their desire to have a swimming pool. Again for the third time they are to vote on the same proposition. Now that citizens have the $10,000 in their hands, to give up this money is preposterous. A city as prosperous as this is should find it easy to spend the money for the swimming pool now.

Have we all lost faith in Nevada City that we should give it such a knock? Have all the boosters quit or died?

Put the money to work as it was intended to be used and give our citizens employment in a good work. It will all be spent here at home. Instead of leaving it at 2 percent in the bank after borrowing it at 5 per cent, let us spend the money and enjoy the advantages we have voted. Is this question never to be settled?

There are $5,000 to be sold for water system use in 1935 if it is necessary to do so. Money could be borrowed any time, should it be needed. Six months have passed and still in their so-called poor condition, the water mains are serving us. Maybe they have several years still to go. Certainly they could and should be kept up. Why not have a band or two on hand, so that repairs would take but a minute or two, should anything happen.

Go to the polls Monday and VOTE NO, THAT YOU DO NOT WISH THE SWIMMING POOL MONEY DIVERTED TO ANY OTHER USE. Vote to leave the money where it is, devoted to the purpose for which it was first voted. VOTE NO, AND MEAN IT, thus favoring the immediate building of a swimming pool. Make the hearts of over SIX HUNDRED CHILDREN IN THIS CITY HAPPY TO HAVE WHAT OTHER CHILDREN HAVE ELSEWHERE.

Respectfully,
A LARGE TAXPAYER

HOGE MINE FINDS TWO RICH VEINS

A discovery of two rich veins is reported from the Hoge mine, operated by the Hoge Development company, and situated about three miles north and east of Nevada City..

A ledge of 12 inches is said to run high in sulphides, with the second showing a width of eight to ten inches of white quartz carrying considerable free gold. Specimen ore is reported in evidence.

The company is among the substantial producers of the Nevada City district and has been operating the mine and flotation mill at capacity for many months.

The Hoge Development company is engaged in opening up virgin ground and these new ledges were discovered in the new territory. The company owns over 1200 acres, almost all of it in virgin ground and many rich deposits and ledges can be looked for in a district where gravel channels yielded fortunes in the past.

Arthur W. Hoge is superintendent with Otto E. Schiffner as manager.

COUNCIL ELIMINATES 50C BEER BARREL TAX

The city council met last evening to pass to print the ordinance licensing wholsale and retailers of beer. On protest of two or three retailers of sell beer on draft the council amended the ordinance to eliminate the 50 cents tax per 31 gallon barirel of beer, which was originally incorporated in the ordinance.

MAKE MONDAY'S VOTE DECISIVE

EDITORIAL

The voters of Nevada City are again called upon to decide whether of or not the swimming pool fund of $10,000, voted seven years ago, shall be used for that purpose, or diverted to some other use.

The election takes place Monday. The use proposed for the swimming pool fund, this time, is to make repairs to the city water system and to retire a part of the outstanding water bonds.

The Nugget has expressed its opinion of this proposal, and now has but one duty, that is, to urge all citizens, eligible to vote, to go to the polls and cast their ballots, either for or against.

If every registered man and woman in Nevada City goes to the polls Monday and votes his or her convictions, the result should be decisive. On whichever side the decision falls, let those who lose, lose in a good spirit and join with the victors in all constructive endeavors for the upbuilding of our city.

DOT SVIMMING POOL

By Edw. C. Uren

Gott in Himmel! Did effer you hear
Sooch talk as ve haff most all of dis year?
Der parents, der teachers, der kids in the der school
All talking at vunce of der svimming pool.

Mit ten tousand bucks in der sock to be spent
Dey're pulling two vays to use up effery cent.
Der Council, der Firemans, in charge of affairs
All are agreed it be spent for repairs

'T'vas a fund voted on in brosperous times,
Ven pusiness vas goot in all sorts of lines,
Und neffer a tought like vot now appears
Dot conditions could change mitin so few years.

Der pool is looked on as extrafagant vaste
By dose who are urching immediate haste
In brebaring for fire and brotecting der town,
For der pool is no goot if der houses burn down.

Charley Parsons comes out, right off der bat
Dot he don't like der vater no more than der cat,
Not only dot, but he can't svim a stroke
But ve must haff der pool, although ve go broke.

Und Doctor Tickell says it's a dirty as—well
You know how it iss; you neffer can tell
Mit scales off der hide, und toe nails and sneezes
Maybe you catch some awful diseases.

Dot Loodvig Netz, I tell you he's vise
He says in der baper—My! I'm surprise:
"Der poys in der fire house is foxy guys
Und pull all der vool ofer town people's eyes."

Of course he don't mean notting—chust an old pun.
Und collecting for vater—Poof!. as easy as fun
Mit a wrench in der pants und a bill in der fist
"Come through mit der coin, or off goes der mist."

He must be der man to send out on der chob
But it's going to be tough on der unemployed gob
Und though Loodvig himself thinks he's a slave
Yet he'd pile more distress on an unlucky knave.

A man vot signs "papa" says ve dont understand;
Chust go on der street mit der hat in der hand
Und out from der jeans comes a ten or a fife
Vell, I'll bet he's not serfed on a charity drife.

Now I speak for myself, if ve must haff der pond
I got eyes goot for shapes und I fall for a blonde;
But der svimming must be in der heart of der town
'Cause my puppies vill ache if I valk mooch around.

EX-MAYOR IN PLEA FOR RIGHTS OF CHILDREN

Nevada City, May 11, 1933
Nevada City Nugget,
Dear Editor:

Again, for the third time the voters of this city are asked to change their mind regarding the swimming pool. How ridiculous it would be, with the money available and everything looking so prosperous as it does now. to vote away this money to some other purpose.

Nevada City had and for a long time maintained an auto camp for its visitors. Money for its upkeep was derived from a masked ball once each year. The camp was maintained for five years. The committee in charge netted anywhere from $367 to $390 each year from this event. This park gave Nevada City more publicity than anything else. It visitors the first year numbered 750, and each year increased until the peak of 3,000 visitors was reached. It has been proven that each visitor spends on an average of one dollar a day in this city.

After five years the committee, having worked faithfully without pay, resigned. The boost body took no interest in it, and the auto camp and park and all its equipment were allowed to go to rack and ruin.

If the people were able to maintain the auto camp for its visitors for five years, it seems almost certain that a live committee would be able to raise a sufficient sum each year to pay the expenses of their own swimming pool for the benefit of themselves and their children.

If on the other hand it were necessary to levy a small tax, say of 5 cents on the hundred, on an assessed valuation of $735,000, enough money would be raised to maintain the pool for three to three and a half months and nobody hurt.

The great bugaboo raised by those opposed to the swimming pool is taxes. Let's have some figures. The cost for a man whose assessment was $100 would be 5 cents a year. For the person whose assessed property valuation was $500, it would be 25 cents, over and above his usual tax. Were the pool open for three and a half months, this person could swim, once every day, for 105 days for the total cost to him or to her, of just 25 cents.

I am one of the largest individual tax payers in this city. To me this 5 cent tax, would make the enormous increase of $3.85 a year.

As extra licenses are to be collected this year, with a decided increase in new building and resultant increase in taxable property, it is quite likely that taxes will be reduced anyway, so that 5 cents added to the general tax rate, the total tax may not necessarily be higher than it was last year.

Go to the polls and vote "no," Make your city up to date. Don't be a knocker. I am for the kids and am a booster for city improvements.

Sincerely,
E. J. N. OTT
Ex-Mayor.

"CARRY OUT, DO NOT WEAR OUT WILL OF PEOPLE"

Nevada City, May 11, 1933
Editor, Nevada City Nugget,
Dear Sir:—The proposed ordinance No. 215 which is to be voted on May 15th, contains in its opening Section No. 1, the following statement: "The City Council deem the expenditure of $10,000 * * * * * * voted and authorized * * * * * * * impracticable and unwise."

That statement may not be surprising to any one. As an opinion it is perfectly legitimate. But the fact that a City Council fails to comply with a verdict of the people is certainly astounding. "Government of the people by the people * * * * will perish from the earth" if such proceedure is not checked and decisively rebuked.

Before I make any further comment I want it perfectly understood that I have singled out each member of the Board and carefully made estimate of him in earnest thought, and they all weigh full measure in character, in citizenship, and in my private, personal friendship. Let no one presume that I mean reflection on them. And that I would permit a slight and well meant deviation from their specified and legitimate lines of duty to cause me to damage the splendid and well-earned standing of the fire department would be equally preposterous.

We do most certainly want an adequate water system with which to combat the menace of fire. If we apprehend, either with good reason or otherwise, that the water mains are in a precarious condition we are within our province in making an urgent appeal for careful special attention to the water system. But I think that is going far enough as a fire department, if we are to retain our individuality as a fire department.

I am fearful of the wisdom of posing as an institution to be reckoned with in other concerns of the city, and most particularly those of a political or controversial nature, if we wish to keep that valued confidence of the people. And in this case I am not in favor of the fire department, except as individual citizens, attempting to dictate or influence the manner of getting the money other than to donate their services or, better yet, money from their own funds. They have $1,000.00 on hand which is pledged for equipment.

The present state of affairs is deplorable. It came upon us insideously. First a desire to avoid criticism or a wish to please everybody resulted in provoking strife and arousing controversies which have at last become tinged with animosities, with acrimony, with recrimination, and with ridicule.

By continued postponements and repeated resubmittals the will of the people can in any and every case be thwarted knowingly and intentionally, or unwisely and dangerously. We are learning by experience.

The remedy does not lie in the selection of a new Board which

(Continued on Page Five)

POLICE CHIEF NABS INCAPACITATED DRIVER

Chief of Police Robson yesterday arrested Charles McClelland, a miner recently arrived from New Mexico, whom he states was too intoxicated to steer his automobile safely. The man was arrested on Broad street, his car was impounded and he was lodged in the city prison. He will appear this morning before Police Judge Milas Coughlan.

Little Bobby Cook, whose arm was accidentially caught in an electric wringer last week, is rapidly recovering the use of the arm. He was treated by Dr. Ormston Swaze.

CONSTRUCTIVE ACTIVITY

The Nevada City Chamber of Commerce has lately undertaken several things of such constructive value to this community, that it seems well worth while to summarize its activities. This is done not so much for its membership, which of course is well informed of what is going forward, but for those who may be out of touch with this group of progressive citizens, who, under the leadership of Mr. Cassidy, are serving the community devotedly.

First we will mention the support given by the Chamber to the Ski Association in its endeavor to find firm financial ground on which to base its work of making this region the winter playground of all California, within easy driving distance of the Ski course. The chamber has joined with the Grass Valley Chamber in promoting the big benefit dance next Saturday night by means of which it is now confidently expected the treasury of the Ski Association will be filled again.

Next the Chamber has gotten behind the joint Nevada City-Grass Valley project, first sponsored by the Eagles, to plant trees and by other means to make the Nevada City-Grass Valley highway a beautiful four-mile thoroughfare. The planning for this work is now in the hands of a committee admirably suited to carrying it forward to completion, and we are assured that when the money is needed it will be forthcoming.

Third, was the dinner given last Sunday in the National Hotel to one hundred visitors, all of whom were connected in some manner with the mining industry. It was a great occasion, when so large a proportion of those who mine, deal in mines, or mine stocks, or promote mines, were called together around a board for an interchange of opinions and ideas on the gold mining industry. The arrangements for entertaining and showing these visitors our mines in operation, were admirably planned and executed.

Fourth, not so great in itself, but significant in revealing how wide the range of the Chamber's activities and interests can be, was the grant of $40 toward defraying the expenses of the Nevada City high school band to San Francisco this afternoon, where tomorrow they will play in a state-wide contest among high school bands. This not only puts Nevada City on the State's musical map very definitely, but gives these youngsters a real educational outing and valuable contact with other ambitious boys and girls of the State.

In view of this record which covers but a short time, we respectfully submit that business and professional men of this city, who are not members of the Chamber of Commerce, would do well to join it, uniting all interests in a constructive program of betterment.

SKI DANCE BENEFIT

Those people who purchase tickets to the Ski Association Benefit which takes place next Saturday night, May 13, in the Veterans Memorial building in Grass Valley, are contributing to a worthy cause, are purchasing cheaply an evening of good fun, and most important of all are making an investment in the future of this district.

It is well to stress the investment side of the transaction, when we give to the Red Cross, the Benevolent Society, and to making other "causes", our chief satisfaction is the feeling that we are helping those who are less fortunate than we are.

In buying tickets to the Ski Association dance our investment takes on more of a business aspect. Most of us will live to gather dividends, perhaps very large dividends, considering the size of the individual investment.

More and more the people of California and, for that matter, of the entire country, are turning to winter sports for diversion. Many places in the Sierras last winter were outfitted and prepared for entertaining hosts of people, who on week ends speed to the mountains from the great valley and bay cities, to frolic in the snow. Nevada county is advantageously situated as a Mecca for winter sports. Thousands of people already visit this section during the summer. But stress must needs be placed on its special fitness as a winter recreational region. The Ski Association is doing just that, and needs the backing of all those who make their home here.

We have the fast highways from the lowlands; we have the altitude; we have the sharp clear air and the snow in abundance. Sometime we shall have ice skating and all those sports for which ice is a requisite. The activities of the well managed Ski Association are constructive. It builds up and makes the most of our splendid natural resources.

The money we spend in its support is not a gift. It is an investment.

THE PAY STREAK

By H. M. L.

The weather gives us samples every day of its wares. In the same day we have snow, sunshine, hail, even a brief balmy spring breath, to be followed by a sharp cold wind. But on the whole the weather is kind to us, not intentionally of course, for weather is directed according to larger laws than those that govern human beings.

In this we are reminded that the Good Book says that the wind is tempered to the shorn lamb. Darwin would, parhaps, put this differently, by saying that in a million years the shorn lamb and its ancestors have tempered themselves to the wind. However this is not to start a discussion between Fundementalists and Modernists. Except as such discussions compel thinking, we believe them time wasting and futile.

* * *

But the thought in mind when this was begun, was that like the weather which casts its influence about the just and the unjust, and to a large degree limits or extends human activities, thus does the sentiment of a community yield sunshine or cold winds upon all those who strive to serve.

Take the home town paper for instance. Yesterday the phone rang several times to commend something which appeared in the editorial columns. This was sunshine. But cold winds also blew. On the street "ye editor" heard the Nugget condemned in unmeasured terms for its opinions on various matters of public concern. Then again there came a bit of fair weather. The editor talked with a man who never read the Nugget, but had heard good reports of it. A little while later at the post office, an item in the Monday's news reports, that perhaps helped along a fine constructive enterprise, was given praise by a man who values highly his subscription to the Nugget. This of course was nothing less than a radiant burst of the sun from behind the coluds.

* * *

Mulling over in mind this varied weather which a community sheds upon its newspaper we came to some tentative conclusions: That many people do not like the news that they, themselves, make. That, for better or worse as the case may be, an opinion expressed in a newspaper commands more support, arouses more antagonism, excites more discussion than if expressed in any other manner, even though it is only a private opinion publicly expressed. That to arrive at a conclusion on any given matter, and to state that conclusion publicly, is to enlist friendship on the one hand, and to array hostility on the other.

* * *

But in the mind of every newspaper man the dominant consideration is this: He has taken a contract with some hundreds or thousands of readers to provide them with the news, to give fearlessly, without brazen trumpets or bravado, his editorial interpretation of matters affecting the public welfare, and occasionally his opinion respecting questions which the people are called upon to decide. If he does these things to the best of his ability, he will do merely his duty, fulfilling his contract. As in any other service that any other man or instituion renders, he will not satisfy all the people all the time.

* * *

Changeable weather, varying from warm to cold, from calm to winds, from sun to rain—these create a hardy race.

ALLEGED RECKLESS DRIVER TO BE TRIED

Irvin T. Snowden, charged with reckless driving, appeared before Justice of the Peace W. L. Mobley, to plead to the charge, Wednesday. He pleaded not guilty. His trial was set for Thursday, May 18, at 10 o'clock in the morning.

Snowden is accused of colliding with Mrs. Frank Peters on the highway between Nevada City and Grass Valley on April 21. The little son of Mrs. Peters' received cuts from flying glass, which it is said, will permanently disfigure him.

Think of it! For less than $25 you can have a copy of a rare old Sarouk, Ispahan, or Kashan in your home! *Perfect, seamless* Rugs! Exactly the same quality as a New York store sold for 10% more! Each rug is woven on a new type Axminster loom, that grips the yarn, pulls it through to the back, and anchors the tufts so they can't come out. And the sheen is woven in, too . . . not chemically treated. The rugs are colored with purest dyes. Finished with thick, knotted fringe. And specially treated on the backs to keep them firmly in place at all times.

New Prints

9c

Pepperell fast color prints 36-in. wide. New for frocks and smocks.

3 pairs **25c**

Famous "Rockford"! Medium weight cotton. Value!

MONTGOMERY WARD & CO.

AUBURN, CALIFORNIA

THE POET'S CORNER

"ONLY MOTHER"

Dedicated to Nevada City Nugget for Mother's Day.

Who is up early at dawn, to prepare
the first meal of the day;
To see that each child and
grown-up, have had care and
attention
Before away to school and to work.
No one else, but MOTHER.
Who waits with Joy and Gladness,
as each one returns home to
dine,
Who never tires of hearing your
Woes, no matter how Her Day
goes;
But makes you believe you believe
she is always Fine,
No one else, but MOTHER.
When failure comes, and things go
wrong;
With courage and patience, She
She sees 's the light, and carries on;
And if you meet with success, her
cheerful words are there to
bless:—
As only Mother can Bless
Then when years have taken
their toll;
And LOVE has Crowned Her
beautiful Soul,—
And silver strands of hair cover the
snowy pillow;
You kneel before her bedside,
As the shadows begin to fall;
For you know she has heard the
CALL;—
You are left alone with Memories; and how She lived to
please you.
Only as a Mother could.
Now today; if your MOTHER is living; Do the things that she
Has always done for you.
And give Her tired hands and eyes
a rest.
Surround her with LOVE and
Beauty, and let Her be your
Guest;
Make it a day of happiness, and give
her a rest,
It will be a day She will remember, for today, you have with
you
The Dearest and best Friend;
YOUR MOTHER.

-- By Bertha Joy Dellea...

o

PLEA OF NEVADA COUNTY

Anonymous

Bury me not beneath a clutter
Of bronze or marble tablets
Commemorative of sons whose stir
In the world beyond my low green
hills
Provoked a flattering chatter!
Let simulate my monument their
lives.
Study my contours needled in matted rust,
Reddened with purple lava. Contrive
new shafts
For my depths. Rob me, riddle me
of that lustrous dust
If by its precious shimmer, I may
know fulfillment
As these men of the past. Look to
your trust!

o

PROSPECTOR'S SONG

Anonymous

New camps booming
Send me roaming,
Lead hunting,
Gold hunting,
Dreaming of mines
Under the pines,
Smelling the air
To discover where
The gold is hiding
And the metal rare.
Bed rock and gray rock,
Bed rock and stray rock
Are the magnets drawing me,
Are the sirens calling me,
Away from ease,
Across the seas,
Round the world,
Round the world,
Searching for these.

LEGAL NOTICE

ORDINANCE NO. 215

The City Council of the City of Nevada do ordain as follows:

Section 1: That the City Council deem the expenditure of $10,000.00, raised by the sale of bonds under the terms of Ordinance No. 199 of the City of Nevada for the purpose for which said bonds were voted and authorized at a special election duly held on August 12, 1926, impracticable and unwise.

Section 2: That a special election is called, to be held on Monday, May 15th, 1933, for the purpose of obtaining the consent of the people of the City of Nevada to the expenditure of the said sum or fund of $10,000.00 raised under said Ordinance No. 199, as aforesaid, for the following municipal purposes, to-wit:

$8,000.00 to be expended for the repair and improvement of the municipal water system and

$2,000.00 to be used for retirement of the municipal water bonds of said City of Nevada.

Section 3: That the manner of holding said special election shall be as provided by law for holding municipal elections in said City of Nevada, except there shall be but one voting precinct for said special election; that the polls shall open at 8 o'clock A. M. and keep open until 6 o'clock P. M. of said day of the election, and that the ballots used at said special election shall have printed thereon substantially the following proposition to be submitted:

> Shall the City Council be granted the authority to expend and use the sum of $10,000.00 heretofore raised under Ordinance No. 199 of the City of Nevada, for the following municipal purposes, to-wit:
>
> "$8,000.00 to be expended for the repair and improvement of the municipal water system, and $2,000.00 to be used for retirement of municipal water bonds of the said City of Nevada."

with the words "yes" and "no" so printed in connection therewith that the voters may express their choice.

Section 4: That the election officers shall canvas the votes and make out the returns thereof in the manner provided by law for municipal elections in said City of Nevada, and that the approval of this Ordinance shall require at least two-thirds of all the votes cast at said special election.

The foregoing Ordinance was adopted by the City Council of the City of Nevada at a regular meeting this 13th day of April, 1933.

Our Correspondents

NORTH BLOOMFIELD

By MRS. RALPH PENROSE

NORTH BLOOMFIELD, May 11—Mr. and Mrs. Lloyd Dudley, are visitors in North Bloomfield. They are visiting Loyd Dudley's parents, Mr. and Mrs. E. B. Dudley.

Mr Archie Miller came down from Relief Hill yesterday for mail and supplies.

Mrs. Leonard Foote returned to Nevada City last Saturday where she expects to stay for some time.

Mr. Stanley Bice of Relief Hill was badly injured day before yesterday. He fell in the flume at Relief Hill. First aid was given by Mrs. A. Newton and daughter, Margaret, two nurses from Sacramento, who are living at North Bloomfield at present. Mr. Holmes Ambulance was called with Dr. W. W. Reed of Nevada City.

BENEFIT DANCE FOR IMPROVING TOWN HALL

CAMPTONVILLE, May 11—The first big benefit dance of the season will take place here on Saturday evening May 20, at the local Masonic hall, being staged by the Masonic fraternity of this place, proceeds to go to the upkeep of their town hall. This being the first dance here for the season, a large crowd is expected to attend from the surrounding little towns. Eddie Meltz and his six piece orchestra from Auburn will furnish the music, this being their last dance here before leaving for the summer on a tour of the western states, playing again here September 4, the first dance upon their return. A fine supper will be served at midnight; admission to the dance will be $1.00 per couple, with 50 each for supper.

JUDGMENT OF JUSTICE COURT IS AFFIRMED

CAMPTONVILLE, May 11.—The appeal case of J. E. Pauly vs. A. H. Behrens and the G. & H. Commercial Service was heard in the Yuba County Superior Court Monday and Judge Warren Steel affirmed the decision of Judge W. B. Meek, of the local Justice Court. Judge Meek gave the plaintiff judgment several months ago the Constable and the collection agency for a storage bill on an attached automobile, which bill the agency contracted but refused to pay. W. C. Rucker acted as attorney for the plaintiff with Fred M. Harter representing the defendants.

CAMPTONVILLE, May 8—Sheriff W. D. Johnson of Downieville was in town Saturday morning enroute to Alleghany on official business.

William Groves arrived Friday evening from Auburn to spend the week end visiting his mother and aunt.

Forest Ranger Frank W. Meggars was soliciting young men Friday for singing up in the government camp which will be located six miles north of here.

Charles L. Wilson, Jr., arrived Friday from Sacramento to spend the week end visiting his father at Log Cabin.

Mrs. Constance Church of North Bloomfield was in town Friday on a short business visit.

Bruce Barney of Sacramento arrived Friday evening on a visit to his sister, Mrs. Albert H. Harmilton.

Eddie Meltz and his orchestra of Auburn passed through town Saturday enroute to Downieville to play for a dance.

Julius E. Pauly motored to Marysville Saturday on a short business visit.

William O. Grant and A. J. Heether motored to Nevada City Saturday evening to attend a lodge meeting.

Lawrence Turner motored to Downieville Saturday evening on a visit.

CAMPTONVILLE SCHOOL TEACHERS ARE CHOSEN

CAMPTONVILLE, May 10.—The Board of Trustees of the Camptonville Union School District held a regular meeting a few days ago for the purpose of organization and selection of teachers for the coming term. Mrs. Grace Pauly, as principal and Miss Helen L. Jackson, in charge of the primary department, present teachers, were re-elected for the coming year.

Considerable discussion was had relative to attendance, the present daily attendance being dangerously low, and in some minds necessitating the hiring of teachers with children. Due to the qualifications of Miss Jackson as a teacher, rather than have the school make a change two members of the Board guaranteed to obtain from the outside three children in order to keep up the attendance, that being the largest number of children that any of the other applicants had.

William A. Lang and Louis Marquardt will continue as bus drivers from the three outside districts, and Samuel F. Price, as janitor. Mrs. K. Hope Livingston will continue in charge of the Camptonville branch high school.

CAMPTONVILLE, May 8—Postmaster Kern Fogarty of North San Juan became excited Friday afternoon and lost his glasses in the up going letter sack, but before he discovered it, the stage was on the way; so, he phoned to the local Postmaster Lydia O. Groves, who found them safe and unbroken, and returned them to him by a man who happened to be going down that way. Thus these two postal employees beat the department by deadheading the glasses in the mail sack, and beat the optician by the miraculous fact that these delicate things were not broken after such a rough trip.

CAMPTONVILLE, May 11—Mrs. K. M. Jayne motored to French Corral Sunday to visit her son Albert.

Mr. and Mrs. A. J. Heether returned Tuesday from a short visit to their home at Nevada City.

Mr. and Mrs. Acton M. Cleveland returned Monday from a brief visit at Sacramento, Grass Valley and Nevada City.

Fred J. Joubert returned Tuesday from a brief business visit to Nevada City.

Mr. and Mrs. Earl L. Cleveland returned to their home at Sacramento Sunday after a few days visit at their home here.

Dr. and Mrs. J. H. Barr of Marysville were in town Sunday as guest of Judge and Mrs. W. B. Meek.

Julius E. Pauly and Ray Knickren motored to Marysville Monday on business.

Chas H. Greene of Grass Valley was in town Tuesday on a brief business visit.

GOVERNOR THREATENED WITH WRITERS' CRAMP

SACRAMENTO, May 11—(UP)—Whenever an overworked newspaperman complains these days of 'writer's cramps," Governor Rolph nods understandingly and sympathetically.

The governor is having painful experience with "writer's cramps." He has had, of late—and will continue to have—to sign his name so many times a day he can almost strike off his signature in his sleep.

The sieige of signatures began when the governor signed 2,900 University of California diplomas. He worked through 1,020 one week-end and the remaining 1,880 a few days later. Meantime, he has around 1,000 bills to sign during the next few weeks which account for 2,000 more signatures. Added to this mountain of work is the normal office which, in itself, is enough to tire the normal wrist.

OREGON CREW TO WORK DELLEA PLACER MINE

Dellea Sunrise Placer mine, will be operated by Portland, Oregon, parties, who will bring their own crew of workers down here very soon to start work.

The only reason for this information is:

To keep unemployed men from walking out to the mine and be disappointed, and have to walk back to town again, for they have to be supplied with food before they are able to return to town.

Mrs. Dellea kindly asks unemployed men not to come to her home asking for a job or food, for she has supplied the average of three men every week with food the past six months, and she hates to turn away a hungry man from her door, also she cannot give them a job. She trusts that they will understand this NOTICE, and not walk out to the Dellea mine, or annoy her.

PRUNE GROWERS GET VERY LARGE PAYMENT

Six hundred and sixty six thousand dollars is going out to the prune growers of California. The United Prune Growers of California, the prune industry's stabilization organization, advanced funds to its two member units, the Association and the Pool, who in turn will disburse this money to their grower members as rapidly as the accounting can be completed.

This second progress payment from the United, while varying in amount according to size and quality of the growers' fruit, averages ten dollars per ton on merchantable fruit.

HERE'S RECIPE FOR ARTIFICIAL CORAL

SACRAMENTO, May 11—(UP)—Folks with a flair for the unusual and an imaginative twist are indulging lately in the indoor sport of making coral.

Here's the recipe: mix two tablespoons of salt, one table-spoon of blueing, five tablespoons of water and several drops of mercurochrome in a bowl. Roll into the mixture one or several pieces of wet coak. Then set the coke in the sun.

Several days later a remarkable transformation takes place. Clustered on the coke will be a growth-pink blue, white or green—which resembles coral.

SWALLOWS DENTIST'S DRILL, THEN COUGHS UP

REDDING, May 11—(UP)—All it took was one good coughing spell for 6-year-old Robert Bushdiger to relieve his parents—and incidentally himself.

While having his teeth worked on in a dental office at Anderson recently, the child inadvertently struck the dentist's arm, thereby dislodging the drill. An intensive search failed to disclose the missing instrument and as frantic parents and the dentist pondered what to do, Robert started to cough.

Out popped the missing drill, much to the relief of al concerned.

FIVE GENERATIONS VISIT CORNING MATRIARCH

CORNING, May 11—(UP)—Six generations were represented when relatives of Mrs. Nancy Warmouth, 99-year old Corning resident visited here.

In the group were Mrs. Nina McPherson, granddaughter of Mrs. Warmouth, Mrs. Edith Hammack, great-granddaughter and Mrs. Lucile Grifford, daughter of Mrs. Hammack and great-great-granddaughter of Mrs. Warmouth.

Police Answer Hurry Call For Trousers

SACRAMENTO, May 11—(UP)—The city detective bureau isn't in the clothing business, but it will furnish a pair of pants to deserving applicants—under certain circumstances.

Detective F. C. Hauser wasn't much impressed when he answered the telephone at headquarters and received a request from G. O. Fisher for a pair of trousers. "If you don't send me a pair of pants," insisted Fisher, "I'll come down without any on."

"Please, please, we'll be right out," replied the detective.

Relax Tense "NERVES"

Loss of Sleep, Crankiness, Headache, Neuralgia, Indigestion and Fatigue are common results of over-work and nerve strain.

Miss Ruth Sheets, a charming Michigan school teacher says: *"I have taken your Nervine during my college work and when I get those nervous spells after a hard day's teaching. I am sending my mother's name to you. Will you please send her a trial package?"*

Relax your tense nerves with the same reliable medicine Miss Sheets found so effective.

Get it at your drug store. Large bottle $1.00 Small 25c. Money back if you are not satisfied.

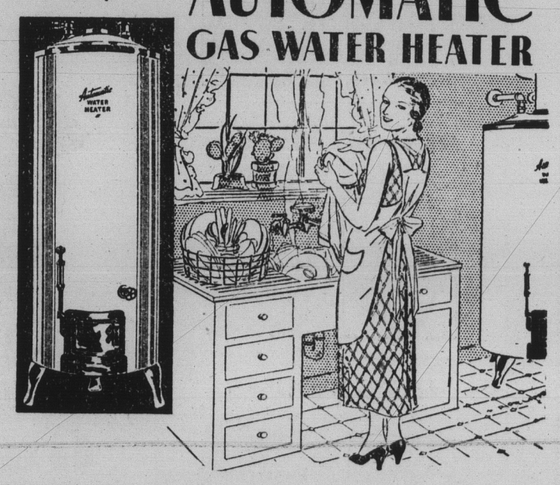
DR. MILES' NERVINE LIQUID

SAVE 2 WAYS

In first cost. Prices have never been so low and may never be so low again.

In operating cost. You will receive FULL SERVICE of hot water in your home at one-half the per gallon cost.

You spend to save when you buy an AUTOMATIC GAS WATER HEATER



THIS is no time to neglect thrift. It is no time to waste money. You do neither when you heat water by means of an Automatic Gas Water Heater. After all, it is just plain arithmetic, being proved daily in thousands of California homes, that you spend to save when you have an Automatic installed in your home.

Consider this: If you are using a water heater that has to be lighted with a match, and also frequently resort to tea kettle hot water, every gallon of water so heated costs twice as much as it would if hot water were always on tap from the insulated tank of an Automatic.

You should investigate this form of saving in your home. You should take advantage of the low prices of these truly modern Automatic Gas Water Heaters. Prices have never been as low, and right now *special easy-to-purchase terms* are in effect.

See a representative of this company today or consult your local gas appliance dealer. An Automatic can be purchased this month for as little as $4.85 down and $3.85 a month. Act now on this thrift-wise suggestion.

Bile Stagnates In Sluggish Livers and Makes Us Sick

Unless your liver furnishes plenty of fresh bile every day your food does not digest properly—it just ferments and decays in the bowels—constipation, gas, sour stomach, headaches, nervousness, etc., are the result.

Sargon Soft Mass Pills relieve the cause of this condition. They are not like any medicine you have ever taken (write for free literature describing their action and effects). Don't be misled. Calomel, salts, mineral waters, laxative pills, etc., have no effect on the liver. Sargon Soft Mass Pills contain the only two substances which will actually cause a sluggish liver to increase its production of bile.

Only 60 cents for a full 30-day treatment. At your druggist or write G. F. Willis, Inc., Atlanta, Ga.

ELECTRIC HOIST FOR CANADA HILL ARRIVES

The Canada Hill Mining Company, south east of Nevada City, has just received a new 50 horse power electric hoist. A cement foundation is being laid for the hoist this week and it will be installed as soon as the base is set.

The company expects electric installations to be completed by this week.

A 400 gallon per minute, capacity pump has been ordered to unwater the shaft and it is expected to arrive within a few days and be installed at once.

They have also ordered a 100 horse power compressor which they expect to arrive in a week or so.

In the meantime the Canada Hill company is making excellent progress in reconditioning this old property and putting it into shape for active operation in the next few weeks. Some trouble is being experienced with the unsettled weather and soft ground in the bottom of the shaft.

McCraney and Bettles, who recently leased the property, are well known mining men, and it is felt that they will bring another producer into the camp, as the old mine has a good past production record for the depth it was sunk a number of years ago.

o

CALIF. JUSTICES TO ATTEND MEET OF NATIVE SONS

Six of the seven justices of the California Supreme Court will attend the meeting of the Grand Parlor of the Native Sons of the Golden West, to be held in Grass Valley, May 15 to 18, to see one of their number, Associate Justice Emmet Seawell, installed as grand president of the organization.

It will be the first time, says Justice Seawell, that the court "en banc" has attended a fraternal organization meeting. The only absent member will be Chief Justice William H. Waste, who is in Washington, D. C. attending a session of the American Bar Association.

TO VISIT DOWNIEVILLE

Justices Seawell, John W. Shank, J. W. Curtis, John W. Preston, W. L. Langdon and Ira F. Thompson, accompanied by Mrs. Seawell, Mrs. Curtis, Mrs. Preston, and possibly Mrs. Langdon ,will leave San Francisco by automobile on the night of Tuesday, May 16th.

They will not attend the grand ball Tuesday night, but will join the entire parlor and the other visitors in a trip to the old mining town of Downieville ,forty miles from Grass Valley, on Wednesday.

Continued from page one

CARRY OUT VOTERS WILL

might or might not pursue the same policy. The remedy lies in giving every Board to understand that the will of the people is the will of the, people, not to be worn out but to be carried out.

As a voter I consider this to be the vital point for consideration at the polls May 15th.

We have a splendid personel on our board of Trustees. The firemen need no defending, and I intend to live or die with them. I have done the first for well nigh half a century and have done the other a few times.

A vote against this new proposal is not a vote against board or firemen or against their motives. It will practically amount to a vote to ascertain if the people mean what they vote for when they vote for it. Otherwise voting will be foolish and futile. Why should the people continue registering and going to the polls unless their decisions are to be taken seriously and their mandates obeyed?

C. W. CHAPMAN.

SEEKERS OF MINE INFORMATION INCREASE

SACRAMENTO, May 11—(UP)—Interests in mining in California continues to increase steadily according to a report of the state division of mines.

The number of persons seeking information from division offices is three or four times as great as it was six months ago. The San Francisco division of mines office has handled as many as 600 quiries a day, with an average of 300, and Los Angeles has reported almost as many. The Sacramento office reports 150 to 250 requests for information a month.

"These inquiries are not confined merely to the unemployed seeking knowledge of placer mining, but include many engineers, consultants and investors looking for authentic economic and geological data on specific mines and districts," the report said.

LUMBER TALKS

BOOST

Boost and the birds boost with you,
For that is the way with birds;
They readily understand you
When you're uttering reasonable words;
But it gives a bird an intolerable shock
When intelligent beings stoop to knock.
Boost and you see what happens—
From cities afar and anear,
The guests you attract come trooping
To find what we're hoarding here;
And they'll help us to dig our bright gold out,
For it's really needed, beyond a doubt.
Boost for Nevada County;
Boost for her homes and her hills;
For her wonderful health giving climate
And the roaring stamps in her mills;
But keep on your lips a good strong lock,
If ever you're tempted to stop and knock.

—A. M. C.

Mark Twain once said, "I have heard a lot of talk about the weather, but I have never seen anyone do anything about it."

We prefer to remind the buying public of the arrival of a shipment of lumber with which we will establish an Economy Department.

Lumber purchased from this department will be within reach of everybody's pocket book.

SOCIAL EVENTS

Woman's Civic Club Aids Community Activities

There was a fine attendance of members of the Womans Civic club Monday in the Brand Studio, to attend to important business matters and listen to an excellent report given by Mrs. George Stine, who was a delegate to the convention of the State Federation of clubs in San Francisco recently.

They contributed $15 to the Benevolent Society of Nevada City, and $10 to the Nevada City high school band to assist them to attend the big band concert in San Francisco this week end.

Mrs. Stine gave a very interesting talk about the "seeing eye," or dogs that lead the blind. Federated Womens clubs introduced these dogs into the United States from Switzerland paying from $200 to $400 each for them and then two years are required to train them to lead the blind. In the short time they have been tried the dogs have proven a great success in guiding the blind about in big cities and they are steadily gaining in demand.

An invitation was received from the Eagles lodge to join in assisting in the planting the highway between Nevada City and Grass Valley with trees. This matter was turned over to the garden section of the club and is to be taken up at their next meeting on Monday evening. In the meantime the Eagles have decided to defer planting of the trees until October or in the fall as it is too late to plant them now.

A. Capella Choir To Sing At High School

The A Capella Choir of the Chico State Normal College and men's quartet will entertain the student body of the Nevada City high school tomorrow. Principal H. E. Kjorlie invites the public to hear them, and asks that those desiring to come, will call up the high school to find out the hour they will sing. It will be either at 11:30 a. m. or 1:15 p. m., but he is not yet certain what time the singers will arrive.

Dudley Snell, who was recently operated on at Jones Memorial hospital in Grass Valley for appendicitis, is recovering at the home of his aunt, Mrs. Stanley Fitzsimmons in Nevada City. His mother came up from Hollister to be with him.

Large Audience Hears Old-Time Concert

There was a large audience Wednesday evening to hear the concert given by the Ladies Aid at the Brand Studio. This proved to be one of the best ever held in Nevada City.

Judge Raglan Tuttle was not able to get back in time to officiate and Mrs. Tuttle graciously accepted the duties of program chairman.

Nearly all those taking part were in old fashioned costumes and added much to the charm of their vocal of instrumental selections.

The old time social after the concert also proved a most enjoyable affair.

Girls League To Serve Tea To Mothers

The Girls League at Nevada City high school ,will give a Mothers Tea at the high school Monday afternoon.

All mothers are invited to attend. The girls will serve tea and present the mothers with boquets.

SCOTT'S FLAT GRAVEL MINE EMPLOYS FIVE

A crew of five men have been employed for some time ground sluicing at Scott's Flat and a cleanup was made the latter part of this week.

After many weeks of delay on account of snow and ice, the company now has plenty of water from the ditch for operations.

This property is known as the Scott's Flat Mining Corporation, with Porter Bros., of San Francisco being chiefly interested and J. W. Scott as manager.

Roy H. Elliott, mining engineer of San Francisco, paid this district a visit last week, and looked over properties in this district.

Mr. and Mrs. M. Figurski arrived here from Grand Junction, Colorado, to visit their son, John Figurski, and family.

LOCAL HAPPENINGS

Jack Van Winkle from San Mateo drove Mrs. Louise Zadow of Grass Valley and Mrs. William G. Kohler of Newtown to Klamath Falls for a week end trip.

Professor Ivan Linforth, chairman of the Department of Greek, University of California, was a visitor yesterday in the Nevada City high school.

Mr. and Mrs. Ed. Baker left yesterday for Berkeley where they will attend the graduation exercises at the University, their daughter, Alberta, being in the class that graduates this week end.

Mr. and Mrs. Will Fenton came up from San Francisco last Monday. They left yesterday by team for their mining property in the Quaker Hill mining district.

A daughter was born to Mr. and Mrs. A. O. Joste in Oakland Tuesday. Mrs. Joste was formerly Miss Bernice Johnson, her mother was formerly Miss Annie Guenther of Nevada City.

Mrs. Ella M. Austin enjoyed lunch last Sunday with Mrs. L. E. Oliver of Grass Valley.
